

DCS-8000LH/2PK

**Mini HD Wi-Fi Camera 2-Pack****Product Highlights**

**High Definition Clarity**  
HD quality video

**Sound & Motion Detection**  
Receive alert notifications and record video clips

**Cloud Recording**  
Automatically back up video clips to the cloud for anytime access<sup>1</sup>

**Your Home, Only Smarter.**

The DCS-8000LH/2PK Mini HD Wi-Fi Camera is a set of two compact wireless network cameras suitable for day and night time environments. It features built-in night vision, motion and sound detection, and a free mobile app — so you can feel at ease when you're away from home.

**Compact Design, Simple Setup**

The DCS-8000LH is designed to be compact and inconspicuous, so it can fit in with any decor no matter where you put it. Setting up the camera is also a breeze with the free mydlink® app and Bluetooth 4.0. To get started, simply install the app on your mobile device and with a few taps the app will guide you through the entire setup process.

**Versatile Feature Set**

Despite its small size, the DCS-8000LH has all the features you need for monitoring your home. Onboard Wi-Fi provides extended range and higher bandwidth while still staying compatible with older wireless devices — for smoother HD video streams on any device. Built-in motion and sound detection will automatically send alert notifications to your mobile device. Night-time monitoring is possible with the built-in infrared LED which allows for night-time viewing of up to 16 feet, so you can relax knowing you have 24/7 monitoring of your home or small office.

**Access Anywhere Using the Mobile App**

With the mydlink® app and website, you have an easy and convenient way for you to look after your family or to monitor your home or office. Stay up-to-date with notifications and check in on those you love at any time. Access your camera using the mydlink® mobile app and you can view and manage your camera using your mobile device. Enjoy instant control over your home surveillance with the ability to manually trigger video recording, no matter where you are.

**Features**

- ◆ High quality HD resolution
- ◆ 120-degree viewing angle
- ◆ Bluetooth 4.0 setup
- ◆ Built-in IR LEDs to capture video in low-light environments, or even complete darkness up to 16 ft (5 m)
- ◆ Motion and sound detection
- ◆ Pinch to zoom allows for closer looks on what is happening in the room
- ◆ H.264 support for the best video streaming performance
- ◆ The mydlink® app lets you receive notifications, and save snapshots and video clips to your mobile device
- ◆ Connects to your wireless network so you can easily install the camera anywhere you have Wi-Fi access
- ◆ View and manage your camera remotely using the mydlink® app<sup>2</sup>
- ◆ AES128-encrypted video and audio streaming

### Anytime, Anywhere Access with mydlink® Cloud Recording

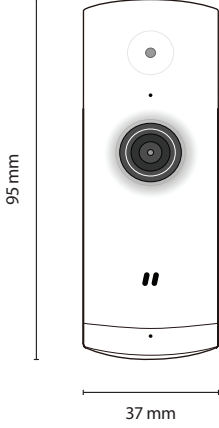

With a mydlink® cloud recording subscription, you can have peace of mind with your video recordings from your DCS-8000LH sent automatically to a cloud server. You can play back recordings from the cloud or download video clips to your mobile device from anywhere, anytime through the Internet. Access real-time live views of your cameras using the mydlink® mobile app and set automated schedules via your mobile device, no matter where you are..

Diagram	 <p>The diagram shows a front view of the camera. It is a vertical, cylindrical device. At the top, there is a small circular lens. Below it is a larger circular lens, likely for audio recording. At the bottom, there are two small rectangular slots, possibly for a microphone or sensor. Dimension lines indicate a height of 95 mm and a width of 37 mm.</p>	
<b>Order Information</b>		
Part Number	Description	
DCS-8000LH/2PK	Mini HD Wi-Fi Camera 2-Pack	

<sup>1</sup> Use of audio or video equipment for recording the image or audio of a person without their knowledge and consent is prohibited in certain states or jurisdictions. The end-user assumes all liability for compliance with applicable state, local and federal laws.

<sup>2</sup> The DCS-8000LH is not supported by the mydlink<sup>®</sup> Home app and is not compatible with D-Link's Connected Home Series.

<sup>3</sup> Maximum wireless signal rate derived from IEEE standard 802.11n specifications. Actual data throughput will vary. Network conditions and environmental factors, including volume of network traffic, building materials and construction, and network overhead, lower actual data throughput rate. Environmental factors will adversely affect wireless signal range.

<sup>4</sup> Check device app store for OS requirements.

<sup>5</sup> Protocols only supported by the mydlink<sup>®</sup> app.
